Ken,

See attached per your request. I also fixed Internal Outfall 501 which is south of the metals cleaning waste basins. Let me know if ok.

Sincerely,

Scott and John,

I just got another call from DEQ and now they would like us to move the location for Outfall 010 from the point where the tributary enters Quantico Creek back to the point where the discharge exists the pipe just on the other side of Possum Point Road across from Pond D. Can you make that change and send back to me?

Ken

Scott,

I got a call from DEQ this morning. They would like to get a revised copy of the attached aerial where Outfall S107 is changed to Outfall 010. Can you do this for me? If so, as soon as you can would be appreciated.

Thanks,

Ken

Scott,

Where are you with the CER for water treatment at possum?

Thanks,

Mike
